This is a compilation of pdf share threads since 2015 and the rpg generals threads.
Some things are from even earlier, like Lotsastuff's collection.
Thanks Lotsastuff, your pdf was my inspiration.

A **HUGE THANK YOU** to the **Anon Brigade**, who do the digging, loading, and posting.
Especially those elite commandos, the **Nametag Legionaires**, who selflessly achieve the improbable.

Don't think of it as a library index, think of it as Portobello Road in London, filled with bookstores and little street market booths and you have to talk to each shopkeeper.

I arbitrarily classify a 'Collection' as a library of different games and a 'Trove' as a library of a single game.

It has been cleaned up some, labeled poorly, and shuffled about a little to perhaps be more useful.
There are links to ~16,000 pdfs. Don't be intimidated, some are duplicates. Go get a coffee and browse.

Some links are encoded without a hyperlink to restrict spiderbot activity. You will have to complete the link.
Others are encoded but have a working hyperlink underneath.

As Anon says; "Surely in Da Archive™ somewhere."

Part I is the Personal Collections. They are *Huge*.
You need to go to each one and look at them. They often have over 1000 links each.

Part II is the Alphabetical Section.
Well..... when I say "alphabetical", I really mean artistically arranged according to my whim and level of sobriety.

Part III **SNAPSHOTS OF DA GENERALS**

will be stored at the bottom of Da Archive
If you are online, go directly to the Generals, they may be more up to date
and the people there often know the subject better.

Ctrl+F will be of limited use in this document, you also have to wander around and look with your eyes.

Please buy a copy of a book if you use it.
No really, I mean it.

The Negarons generated by struggling game publishers have been proven to psychically attach themselves to the dice of gamers who like a game enough to play it but not enough to support it.

Mixed Personal Big Collections – most have HUNDREDS of files

These Are The **LOTSASTUFF FILES** --- — Tons & Tons & Tons o' goodies!

These **4pleb archives** have a ton of directly posted pdfs, lots of them still being requested recently.

Most of them still work. There are also a bunch of links, Many of them still work.

Probably very few of the m3diafir3 links work.

The older links contain stuff we no longer post directly, totally worth scrounging through.

Alternative Wargames General

For minis and games which fall between the cracks. /hwg/ doesn't entertain fantasy (for good reason) and the other threads are locked to very specific games. Any scale, any genre, any company, any minis.

>Examples of games that qualify

https://en.wikipedia.org/wiki/List_of_miniature_wargames

Grimdark Future, Age of Fantasy, Mighty Armies, Dragon Rampant, Of Gods and Mortals, Frostgrave, Hordes of the Things, Songs of Blades and Heroes, Freebooter's Fate, Dark Age, LotR and anything that doesn't necessarily have a dedicated thread (gorkamundheim).
